**Highly-efficient, sleek  
fountain, providing  
chilled water on-tap.**

Elkay Drinking Fountain Product Information

---

**The Elkay EZH2O drinking fountain utilises touch-less technology to provide users with chilled water to drink and fill water bottles. The wall-mounted design makes the fountain perfect for a number of uses including gyms, recreation centres, and other indoor settings, while providing flexibility in height installations. The exclusive green ticker screen will inform users of the number of water bottles saved from landfill by refilling their water bottles.**
