

Modern and sleek bottle filling station.

Mount Tasman Product Information

The Mount Tasman in-wall bottle filling fountain offers chilled drinking water and utilises touchless technology for safe use. The recessed design allows simple, in-wall installation at flexible heights, allowing for several uses including gyms, recreation centres, and other indoor settings.

- Constructed using stainless steel and ABS plastic alcove
- Sensor-activated bottle filler with automatic 20 second shut-off timer
- Chilling capacity of 30 litres an hour, of 10 degrees drinking water (based on 20 degrees inlet water and 25 degrees ambient)
- Quick fill rate of 4.1-5.6 litres per minute
- Touch-free sensor operation
- Real drain system eliminates standing water
- Lower panel ensures easy access and servicing
- No bubbler required
- Indoor use only
- Water filter fitted as standard

Dimensions:

Height 1037mm, Width 502mm
